commission will be held as follows:

At the office of Tarbell & Whit-

ham, South Royalton, 9 a. m., hear-

ing on petition of Orange County

Tel. & Tel. Co., et al., vs. Royalton

Power Co., et al. This petition re-

lates to alleged unsafe conditions

in the construction of the light and

power wires between Chelsea and

South Royalton. On the same day

and place, at 2 p. m., hearing on

the petition of the selectmen of Royal-

ton, et al., vs. Central Vermont Rail-

way Co. These petitions relate to the

proposition or elimination of one or

more of the grade crossings in the

village of South Royalton, which are

alleged to be extremely dangerous.

WOODSTOCK NEWS

Business Men's Dinner.

The fourth annual business men's dinner under the auspices of the Windsor County Y. M. C. A. committee was given at the Inn last evening. Dr. F. Thomas Kidder was toastmaster and the speakers and topics were as follows:

"Five Years of County Work," Elwin I. Ingalls.

"Our Approach to the Country," Henry Israel of New York city, editor "Rural Manhood" and associate secretary international Y. M. C. A. committee, county work department.

"The Responsibilities and Opportunities of Business Men in the Open Country," Frank W. Ober, New York city, editor "Association Men."

Robert Dutton Hurt.

Robert Dutton was thrown out of a wagon Thursday forenoon, hitting a telephone pole in his fall, but it is believed he was not seriously injured. Friday morning he was reported very comfortable.

He was driving toward Taftsville with Dan Gearing in E. F. Wardwell's team, and when near that village the train came up suddenly behind him, the highway and track running near together there. The horse ran and a rein broke; the wagon struck a telephone pole and both young men were pitched out. Dan Gearing landed on his shoulder, but was only lamed. Robert was thrown against the pole, which caught him on the side, breaking no bones but he was unconscious for some time. He was taken to Harold Seaver's house, where he still remains. It is not believed that he suffered any internal injuries.

Nalibow Recovering.

The condition of Joseph Nalibow, the junk dealer, who was badly hurt in a runaway accident Saturday, is improving daily and he seems to be well on the way to recovery. Dr. Kelly attends him.

Mr. Nalibow, with another man, was driving down Elm street when the accident occurred. His young horse began kicking vigorously, coming down astride a thill, circled around the big elm in front of H. S. Dana's house, the wagon overturning on the sidewalk near the Arts and Crafts building. Both men were thrown out, and Mr. Nalibow, striking his head against a tree, was made unconscious. He was taken to Dr. C. W. Kidder's office, where he partially regained his senses. It was found that he had suffered concussion of the brain, with no other apparent injuries, and it was thought then that indications favored his entire recovery.

"The Missouri Girl."

"The Missouri Girl," Fred Raymond's neat comedy success, will be at Music Hall Thursday evening, Nov. 9. This is the same show exactly that plays New York, Chicago and all the larger cities.

The company carries two complete sets of special scenery, the smaller of which will fit the local stage very nicely, thus insuring the complete production the same as seen in the regular city theatres.

Tickets on sale at Morgan's Monday. Prices 35c, 50c, 75c and \$1.00.

WOODSTOCK NOTES.

The local milk dealers boasted the price of milk from six to seven cents November 1. The soaring price of grain is one reason given for adding a cent per quart, and the raise may not be permanent should there be a drop in the price of feed.

The new section of road on Central street was completed Saturday when Engineer Lucas gave it a final smoothing down with the steam roller. The building of the road has consumed 400 loads of crushed stone and some weeks of labor. Blasting is going on at the village quarry; as much as possible will be blown out for the crusher this season, but unless freezing weather holds off for some time—which it doesn't usually do in Vermont—little more will be done on the streets this year.

Edward T. Ryder is visiting his sister, Mrs. F. H. Reed. He recently returned from Europe.

Mr. and Mrs. Frank Chaudler, who recently bought the Woodstock bakery of A. Girard, are now moving the business from Central street to rooms in the Tracy block lately occupied by the Chinese laundry. The place will be thoroughly renovated, some changes made, and it is understood that the front part of the new quarters will be used as a lunch room.

Unfavorable weather spoiled the outdoor program of exuberant Hal-lowe'en observers and less mischief was noted around town the morning after.

November came in with the usual grouch, cloudy and cold. The mercury has dropped to 18 and 24 on different mornings.

The regular meeting of the Ottawa-Quebec Chapter, D. A. R., will be held with Mrs. G. G. Kelly Tuesday evening, Nov. 10, at 7:30 o'clock.

George H. Mass attended the meeting of the Vermont Horticultural society at Montpelier this week, and was one of the speakers, his subject being "Landscape Gardening."

The local officers of the Young Men's Christian Association will meet with County Secretary A. C. Hurd in the Arts and Crafts club rooms Sunday afternoon for a conference to lay plans for the winter's work.

The November meeting of the King's Daughters will be held in Mrs. Dana's rooms next Monday evening at 7:30.

Mrs. Mary E. Purple and Dr. Robert H. Purple are at Norman French's, coming here from Waterbury last week Friday. They expect to be in Woodstock most of the winter.

The Vermont colony in Clermont, Florida, will receive additions from Woodstock this week. A party in cluding Mr. and Mrs. Isaiah Benson, Mr. and Mrs. Small, R. D. Bridge and Moses King went to Boston Thursday on their way South. There they take the Merchant and Miner's line to Newport News, stopping one day, thence going by boat to Baltimore, to Savannah and Jacksonville, making a brief stay at each of these points. From Jacksonville to Clermont the trip is by water and rail.

Mrs. M. E. Mass went to New York city Tuesday and from there to Baltimore, Md., where she will spend three weeks.

Dr. Stevens of White River Junction and Dr. R. W. Boyce of Woodstock tested Norman R. Case's herd of 58 head of cattle Wednesday and found every one free of disease.

A real minstrel show, to be given by ladies of Woodstock, with jokes, good jokes and much burnt cork is announced by the press agent of the Woodstock Dramatic Club, this being the first entertainment under the auspices of this organization. The date is Friday evening, Nov. 24, and proceeds of the show will go towards the purchase of costumes, etc., for a grand melodramatic production for the benefit of the Woodstock Military Band. Mrs. Herbert H. Spear is directing the rehearsals for the minstrels and will act as interlocutor, and she will be surrounded by a large and tuneful corps of funmakers and singers. The second part will include instrumental solos, etc., an original sketch by a local dramatist, "Country Lanes and City Pavements," and an act by two young ladies, entitled "Sidewalk Conversations."

Alden R. Vaughan of Pawtucket, R. I., is visiting his brothers, Frank T. and Geo. H. Vaughan.

"The Missouri Girl," at the Music hall, Thursday evening, Nov. 9.

Cards were received here on Monday announcing the marriage, on Saturday, at Cranford, N. J., of Mr. Walter Henry Washburn, son of Mrs. Laura Washburn of Woodstock, to Miss Ethel Louise Wood, daughter of Mrs. William Dana Wood of Cranford, Mr. and Mrs. Washburn are to be the guests of Mrs. Laura Washburn here for a few days.

Mr. and Mrs. B. L. Pinney, started for Detroit Monday. Mr. Pinney's headquarters during the winter Mrs. B. H. Pinney accompanied them and will be in the west a few weeks.

President Taft has designated Thursday, Nov. 30, as Thanksgiving day.

Mrs. Lucetta E. (Hatch) McIntosh, aged 82 years, sister of the late Alvan Hatch, died Saturday forenoon at her home on Central street, after an illness of several months. The funeral service was held Tuesday morning at 10 o'clock, Rev. F. T. Clark of the Methodist Episcopal church officiating. Interment was in River street cemetery. Mrs. McIntosh was born in Bethel in 1829, daughter of Judah and Eliza Russell Hatch, her mother being the daughter of an English clergyman. Her parents came to Woodstock when she was three years old and they lived for many years in the house on Pleasant street lately occupied by W. H. Bradley. She was married March 2, 1853, to J. M. McIntosh of Bethel, a prosperous farmer and of some prominence in the political affairs of the town and county, and their married life was

Prices 35c, 50c, 75c and \$1.00.

passed in Bethel Gilead. A few years after his death in 1887 she moved to Randolph and in 1898 came to Woodstock, making her home with her brother, Alvin Hatch, who died in 1904. Mrs. McIntosh leaves two children, Mrs. Ellen J. Thresher of Melrose Highlands, Mass., who was here at the time of her mother's death, and Herbert M. McIntosh of Burlington.

WEST WOODSTOCK

Mrs. Josephine Baker visited with friends at South Woodstock Saturday and Sunday.

Mrs. C. F. Merrill went Thursday to spend the winter with her daughter, Susie, at Revere, Mass.

H. A. Holt and wife are now living in the Francis Churchill house.

C. S. Miller spent Saturday and Sunday with friends in Pomfret and Taftsville.

Adna Adams and wife of Randolph are visiting his son, Thomas J. Adams, and wife.

Isaiah Benson and wife, Moses King and R. D. Bridge, left for Florida on Thursday, where they expect to spend the winter.

SOUTH WOODSTOCK.

E. C. Billings returned from Meccawee Thursday, after spending about a week assisting in repairs.

Miss Grace Kingsley of Worcester, Mass., returned to Memorial hospital Monday last, after spending ten days with her mother here.

The Ladies Social Circle met in their parlors Thursday evening, Nov. 2, and voted to discontinue their meetings for the winter. Officers were elected as follows: President, Mrs. Susan Fullerton; vice president, Mrs. A. S. Kingsley; secretary, Miss Elizabeth Fullerton; treasurer, Erwin Fullerton.

Mrs. Mary A. Kendall and Mrs. Elizabeth Stairs were guests of Mrs. H. L. Canfield Friday and Saturday.

The auction at the N. E. Wood homestead was well attended. Mr. Bartell, our local merchant, bought the place.

BRIDGEWATER.

Wardwell's men of Woodstock are tinning the roof at the hotel.

The social at Union hall Tuesday evening was a success in every way.

We expect to be enjoying the street lights by this week Saturday night.

George Billings has gone to housekeeping in the house with his brother Frank.

Walter Stevens is working in the factory.

D. Carter had his house wired for lights this week.

Miss Elsie Bradley is stopping with Mrs. O. W. Davis for a short time.

Mrs. George Bradley and Neil were guests of Mrs. L. H. Spaulding Sunday.

William Emery has been in Boston this week.

L. H. Spaulding, 2d, has been appointed postmaster.

Homer Robinson and Nellie Carter were married Tuesday. They went away amid a shower of rice. Their many friends wish them a happy life.

QUECHEE.

John Veyette is again at work in his barber shop.

The Grange will hold its next regular meeting Wednesday evening, Nov. 8.

A motor party from Fair Haven, Mr. and Mrs. Belden and Mr. and Mrs. Bristol, were guests at J. H.

MEN'S CLUB ELECTS OFFICERS.

Officers were chosen as follows at the meeting of the Men's Club Monday evening: President, A. McInness; vice president, B. H. Alden; secretary, Lawrence Tinkham; treasurer, E. D. Kane; auditors, Dr. V. M. Rogers, Fred Flanders, J. B. Jemery; nominating committee, A. McInness, J. H. Brady, Rev. E. W. Eldridge; membership committee, E. D. Kane, Henry Pitkin, Edward Mears; social committee, James Brady, E. D. Kane, Dr. Rogers; athletic committee, B. H. Alden, Fred Flanders, E. N. Libby, Carl Cowen, L. L. Tinkham.

The constitution and by-laws as drawn up by a committee were also adopted. Meetings of the club will be held on the last Friday of each month.

HARTLAND HILL.

George Sanderson and family have moved to Hartford.

The friends of E. W. Mossey, who was operated upon for appendicitis at Hanover hospital last week Thursday, is getting along as well as could be expected.

Mrs. E. W. Mossey was in Hanover recently.

Alec Mossey is visiting at Frank Cheney's.

Quite a number of the friends of Mr. and Mrs. Charles E. Darling gathered at their home, "Sky Farm," Monday afternoon, it being the 50th anniversary of their marriage. Remarks were made by Rev. H. L. Canfield of Woodstock and Hon. Charles Darling of Burlington. Refreshments were served. Mr. and Mrs. Darling were presented with many beautiful presents.

Elmer Colby is sick with scarlet fever.

AERIAL TORPEDOES.

Newest Device For Destroying Military Flying Machines.

Since the new types of air-craft have made their appearance and the world has been depicting new methods of warfare the inventors have been busily engaged in trying to produce some device that would counteract all the new ideas of aerial attacks on the naval or land forces of any country.

The Krups of Germany have been the means of placing various types of very destructive implements of war before the world, but their newest device is an aerial torpedo which promises to make aerial attacks very hazardous if not impossible.

It is a self propelling contrivance that is so constructed that it consists of two distinct parts, one in which the slow powder is contained and the other containing the high explosive bomb, with a very sensitive percussion which will not be released for action until the projectile is at full speed. The releasing of the percussion will enable the aeronaut to start the projectile without danger to himself or his air craft, and a certain speed will unlock the delicate percussion, which will be exploded if it strikes as much as a soft gas bag in the air.

The explosive bomb is so powerful it will destroy anything near it, and there is absolute certainty that any airship will not be able to escape.

The projectile can be thrown from the land as well as from an airship, and the device is so designed that aim is certain from any angle, and the distance can be increased or diminished, making it one of the most formidable projectiles yet invented.

The propelling device is arranged in a system of tubes and is started by either an explosive of a minor character of electricity.

The device is of Swedish origin, and patents are being taken out in several of the leading countries, among which is the United States.

With such an implement of modern warfare it may be useless for people to attempt aerial attacks. Exchange.

THE BUCK-HUNT TIMBER LANDS
AND MILLS OFFERED FOR
SALE.

In order to close the Mudgett estate, what is known as the Buck-Hunt Mills and timber lands are now offered for sale. They consist of sawing and dressing mills, and three to four thousand acres of timbered land, several hundred acres of which are heavily covered with old-growth virgin spruce.

This is very fine property for some enterprising concern to take up. The lands nearly all slope down toward the mills, which are situated upon the estate, and alongside the property runs the St. Johnsbury and Lake Champlain branch of the Boston & Maine Railroad, the mills being on a private siding.

The mills have been recently enlarged by the addition of a commodious dry kiln, equipped with an up-to-date, latest style
